

Lord Buddha Education Foundation

SINCE 1998

New Students Orientation Program

4th & 5th April, 2024

The New Students Orientation Program of Lord Buddha Education Foundation was held at Hills and Horizon Resort, Kurintar, on 4th and 5th April, 2024, with participation from students who joined in January 2024. This program is a significant event for new students, providing them with a warm welcome and an introduction to the resources, opportunities, and support systems available on campus.

The formal orientation began at 9:00 am on April 4th in the Seminar Hall of LBEF with Er. Prakash Kejriwal, Executive Director of LBEF Group of Institutions, delivering a brief session on the history and administrative details of LBEF. This was followed by an in-depth presentation by Mr. Nilmani Neupane, COO of LBEF Campus, who outlined what students can expect at LBEF. This was succeeded by Mr. Nishant Shrestha, Program Leader of B.Sc. IT, who explained the academic practices and protocols followed at LBEF.

Following the formal orientation, over 80 students and staff embarked on a journey from the LBEF Campus to their destination. The four-hour trip was filled with music and dance, adding to the enjoyment of the ride. Upon arrival, students participated in various outdoor and indoor activities, enjoying the adventure and ambiance of the resort. The evening at Kurintar included welcome snacks, a campfire, music, swimming, dancing, and a delightful dinner. The next day featured team-building games, sports activities, a group photo session, and concluded with a hearty lunch before returning to Kathmandu. The students and staff thoroughly enjoyed the trip, creating lasting memories of this special event.

Empowering the future through education

6th April, 2024

Proud moment as our LBEF students join the Nepal Education Conference 2024, where our Chairman, Er. Pankaj Jalan leads the panel discussion on Skill, Human Capital and IT education.

3rd Research Symposium on “Emerging Trends in Information Technology and Business Management”

10th April, 2024

“When diverse perspectives meet in a symposium, the possibilities become limitless.”- Julien Green

The Research Symposium serves as a vital platform for the exchange of knowledge, where experts from various fields gather to share their insights and inspire new avenues of exploration. On April 10th, 2024, the 3rd Research Symposium was held at the PCPS Campus Seminar Hall, featuring MBA and M.Sc. ITM 4th-semester students presenting their dissertation research. The event was graced by Keynote Speaker Prof. Dr. Manish Pokhrel, Dean of the School of Engineering at Kathmandu University; Session Chair for IT, Prof. Dr. Sudan Jha from the Computer Science and Engineering Department at Kathmandu University; and Session Chair for Management, Dr. Surendra Neupane, Research Head at Lincoln college. Prof. Dr. Manish Pokhrel captivated the audience with his visionary insights and unmatched expertise. His keynote address served as a beacon, igniting inspiration and fostering discussions that are

expected to shape the future of research and innovation. Similarly, Prof. Dr. Sudan Jha and Dr. Surendra Neupane delivered compelling speeches that challenged conventional thinking and encouraged attendees to expand the boundaries of their fields.

The dignitaries evaluated the students' research projects, providing valuable feedback and tips for enhancing their academic research. Er. Pankaj Jalan, Chairman of the LBEF Group of Institutions, expressed his gratitude to the guests and participants. The symposium aimed to provide a dynamic platform for academicians, researchers, and industry professionals to engage in thought-provoking discussions on the latest advancements in IT and Business Management.

MESSAGE FROM THE CHAIRMAN

Er. Pankaj Jalan,
Chairman
LBEF Group of Institutions

Dear Readers,

Greeting from the LBEF Campus
 I hope you are doing well,

I am delighted to welcome you to the 2nd issue of LBEF Connect for 2024. This third trimester has brought numerous achievements for us. On 4th and 5th April, 2024 we organized “The New Students Orientation Program” at Hills and Horizon Resort, Kurintar, with participation from students who joined in January 2024. This program is a significant event for new students, providing them with a warm welcome and an introduction to the resources, opportunities, and support systems available on campus.

On 10th April, 2024, the 3rd Research Symposium was held at the PCPS Campus Seminar Hall, featuring MBA and M.Sc. ITM 4th-semester students presenting their dissertation research. The event was graced by Keynote Speaker Prof. Dr. Manish Pokhrel, Dean of the School of Engineering at Kathmandu University; Session Chair for IT, Prof. Dr. Sudan Jha from the Computer Science and Engineering Department at Kathmandu University; and Session Chair for Management, Dr. Surendra Neupane, Research Head at Lincoln College.

We also organized a guest session on “Exploration of Blockchain Technology” by Mr. Subashish Jung Shah, “Bridging the Gap from Academic Knowledge to Industry Application” by Mr. Ritesh Shah and Educational session under USAID Urja Nepal Program. An engaging session on “Self-Awareness and Personality Development” by The Bookwishes Club, Session on “Introduction of Git and GitHub” by The Software Architecture Club and Session on “Tax Awareness” by The KMC-Tax Office were also hosted. Additionally, we hosted LBEF Sports Week, Miss Nepal 2024 Kathmandu College Activation Program, Mega IT & Business Career Counselling Event, LBEF Project Expo, and An Internship cum Placement Drive to inspire and motivate our students. We were fortunate to sign Memorandums of Understanding (MoU) with Spirologics International and Chamber of Commerce & Industry. We also established collaborations with Stellar Computer System.

I extend my heartfelt congratulations to our readers for their continued support and well wishes. We are committed to achieving even greater academic milestones in the future.

Stay safe and healthy! God bless you all!

MESSAGE FROM THE DESK OF EDITOR

Ms. Anwesh Sthapit
Editor
LBEF Connect

Dear Readers,

Welcome to the 2nd issue, vol. 7 of LBEF Connect 2024. The last three months have been incredibly productive, showcasing a wide array of academic and extracurricular activities. Our commitment to delivering cutting-edge, quality education to our students remains steadfast, and we look forward to continuing this mission in the days ahead.

On 4th and 5th April, 2024 we organized “ The New Students Orientation Program” at Hills and Horizon Resort, Kurintar, with participation from students who joined in January 2024. On 10th April, 2024, the 3rd Research Symposium was held at the PCPS Campus Seminar Hall, featuring MBA and M.Sc. ITM 4th-semester students presenting their dissertation research.

During the past three months, we hosted a guest lecture on “Exploration of Blockchain Technology” by Mr. Subashish Jung Shah, “Bridging the Gap from Academic Knowledge to Industry Application’ by Mr. Ritesh Shah and Educational session under USAID Urja Nepal Program. An engaging session on “Self-Awareness and Personality Development” by The Bookwishes Club, Session on “Introduction of Git and GitHub” by The Software Architecture Club and Session on “Tax Awareness” by The KMC-Tax Office were also hosted. We also organized industrial visits to Genese Solution, alongside training sessions on Artificial Intelligence/Machine Learning, Digital Marketing. These activities were designed to inspire and motivate our students, equipping them with essential skills for their future careers.

In addition, we conducted LBEF Sports Week, Miss Nepal 2024 Kathmandu College Activation Program, Mega IT & Business Career Counselling Event, LBEF Project Expo, and An Internship cum Placement Drive, Free Medical Camp in Collaboration with OM Hospital and LBEF Cup Futsal Tournament 2024. These events aimed to broaden our students’ perspectives and deepen their knowledge, preparing them for the challenges and opportunities that lie ahead. Additionally, on 12th April 2024, we organized LBEF Annual Picnic at the enchanting Dakshinkali Park. It was a day filled with adventure, fun, camaraderie, and unforgettable memories for everyone.

Lastly, I would like to extend my sincere gratitude to parents, students, non-academic, and academic staff for their unwavering support and dedication. Your hard work is instrumental in maintaining the LBEF campus’s reputation as a leading educational institution in the country.

Stay safe and healthy!

Warm regards

LBEF Internship cum Placement Drive 2024

11th April, 2024

“An internship is not just a job; it’s a bridge between learning and real-world experience.” - Norman Vaughan

LBEF organized an Internship-cum-Placement Drive to assist, train, and provide work experience for 4th-semester students and facilitate final placements for 6th-semester students. A total of 14 companies visited the LBEF campus to interview students and offer internship and job opportunities. The participating companies included Info Developers Pvt. Ltd., Midas Health Services, Fonepay Payment Service Ltd., eSewa Pvt. Ltd., Agile Solutions Pvt. Ltd., Adex International Pvt. Ltd., Promoters Nepal, Spiralogics International, Talent Connect, Techrida, SB Solution Pvt. Ltd., Marching Arts, Genese Solution, and Cynical Technology.

The event presented numerous opportunities for students, with many receiving offer letters for internships and placements from various reputed organizations. Er. Prakash Kejriwal, Executive Director of LBEF Group of Institutions, and Mr. Nilmani Neupane, Chief Operating Officer of LBEF Campus, expressed their gratitude to the delegates from the participating companies and honored them with tokens of appreciation. The companies praised the students’ skills and knowledge in their respective fields and expressed interest in recruiting LBEF students.

Several companies indicated a strong desire to establish long-term associations with LBEF to meet their growing workforce needs. In the future, these companies plan to collaborate with LBEF to develop capsule or boot camp programs for students, facilitating their absorption into the workforce as part of their final placement upon successful completion of their degrees.

MOU with Spiralogics International

11th April, 2024

LBEF Campus signed a Memorandum of Understanding (MoU) with Spiralogics International to provide jobs and internships to our students at their organization. Furthermore, students of LBEF Campus will be provided hands-on training by Spiralogics International according to contemporary industry demands. This is a step in solidifying our commitment to provide our students with unparalleled job placement and internship opportunities in the dynamic IT and digital marketing industry. This convention creates opportunities for innovation, knowledge sharing and successful alliances. This strategic partnership aims to empower our students with the necessary skills and experiences to shape a promising and fulfilling career journey.

Annual Picnic of LBEF Family

12th April, 2024

“A day out in nature with colleagues at the annual picnic is a recipe for relaxation, rejuvenation, and camaraderie.” - Albert Schweitzer

The picnic program provides the opportunity not only for outdoor physical activities and fun but also for strengthening social relationships and relieving mental stress. On 12th April 2024, the LBEF Team had their annual picnic at the enchanting Dakshinkali Park. All the academic and non-academic staffs met at the college premises early in the morning and embarked on the journey to Dakshinkali Park. The scenic drive through winding roads offered breathtaking views of the Nepalese countryside, with majestic mountains looming in the distance. They visited the sacred Dakshinkali Temple, marvelling at its intricate architecture and vibrant atmosphere. As the day progresses, the LBEF Team enthusiastically engaged in a variety of games and activities that further strengthen their bonds. Friendly competitions of tug of war, moving a glass with balloons, musical cushion, guessing movies with actions and spoon marble race showcased the diverse talents within the group. They also played fun games like quizzes, bingo and also engaged in group dance. Everyone who won got cool prizes. As dusk settled over the park, the participants reluctantly began the journey back to campus. Presence of Er. Prakash Kumar Kejriwal, Executive Director, LBEF Group of Institutions and Mr. Nilmani Neupane, Chief Operating Officer of LBEF Campus filled the picnic time with full-on energy and excitement. It was a day filled with adventure, fun, camaraderie, and unforgettable memories for everyone.

Events

Exploration of Blockchain Technology

15th April, 2024

“Exploration is really the essence of the human spirit.” - Frank Borman

Exploring the world of blockchain technology opens up a vast landscape of innovation, disruption, and potential. LBEF campus organized Blockchain Session at LBEF Seminar hall to offer every LBEF student a chance to delve into the world of Blockchain technology and beyond. The guest speaker was Mr. Subhashish Jung Shah. The session commenced with an overview of blockchain technology, elucidating its foundational principles and mechanisms. The session also underscored the need for robust security and privacy measures in blockchain implementation. Furthermore he gave his brilliant insights about exploring the future of Web 3.0. Participants gained a deeper understanding of how blockchain operates as a distributed ledger, where transactions are securely recorded and verified across a network of computers, eliminating the need for intermediaries and enhancing transparency and trust. The enthusiastic applause from all attendees serves as a testament to the session's success and relevance.

Celebration of Birthday and Work Anniversary

16th April, 2024

As we bid farewell to the month of Chaitra, we take this opportunity to honor the dedication and hard work of our remarkable team members who celebrated both work anniversaries and birthdays this month. We joyfully marked the birthdays of Ms. Saya Joshi (Full-time Faculty) and Ms. Jayanti Shrestha (Cashier). In addition to these celebrations, we also recognized the work anniversaries of Mr. Anmol Maharjan (Librarian), Ms. Shreya Bhetuwal (Examination Officer) and Ms. Saya Joshi (Full-time Faculty). Each of these milestones represents a journey of growth, commitment, and invaluable contributions to our collective success. These celebrations remind us of the passion, dedication, and joy that our team members bring to the workplace every day.

Visit to APUTI, Malaysia

18th to 23rd April, 2024

Er. Pankaj Jalan, Chairman of LBEF Group of Institutions, Er. Prakash Kumar Kejriwal, Executive Director, and Mr. Nilmani Neupane, Chief Operating Officer of LBEF Campus, along with Mr. Jasbir Singh Makkar, Officer – Information Technology, LBEF Group of Institutions and Ms. Anju Ghosh, Exam Co-ordinator & University Link Co-Ordinator, LBEF Campus, visited Asia Pacific University of Technology and Innovation (APU) for a four-day discussion from 18th April to 23rd April. The purpose was to enhance and synergize the academic partnership between LBEF and APU. During their visit, they met with key figures including Datuk Paramjit Singh, Chief Executive Officer of APIIT Education Group, Gurpardeep Singh, Chief Operating Officer of APIIT Education Group, Prof. Dr. Ho Chin Kuan, Vice-Chancellor of APU, and Supriya Singh, Director of Academic Operations at APU. Discussions revolved around academic and non-academic matters, exploring avenues to further develop synergy in the partnership between both institutions. APU officials praised LBEF's progress and efforts over the past decade in strengthening the collaboration.

LBEF Sports Week

21st to 24th April, 2024

LBEF values physical and mental fitness as essential for life success. As part of its extracurricular activities, the LBEF Sports Week was organized by the Student Representative Council (SRC) to encourage students to showcase their sporting talents. Students enthusiastically competed both in teams and individually in various sports, including Crickets, Futsal, Volleyball, Basketball, Badminton, Table Tennis, Carom, and Chess. Crickets and Futsal were held at the Velocity Arena in Ratopool, Kathmandu, and Basketball was conducted at PCPS College. All other events took place within the LBEF Campus premises.

At the conclusion of the four-day event, Er. Pankaj Jalan, Chairman of LBEF Group of Institutions, Er. Prakash Kumar Kejriwal, Executive Director of LBEF Group of Institutions, and Mr. Nilmani Neupane, Chief Operating Officer of LBEF Campus, distributed certificates, medals, champions' trophies, and cash prizes to the winners and winning teams.

Events

LBEF PROJECT EXPO

26th April, 2024

“Success is stumbling from failure to failure with no loss of enthusiasm.” – Winston Churchill

The primary objective of organizing the PROJECT EXPO was to provide a platform for students to showcase their innovative final year projects, thus unleashing their potential. This event serves as a stage for presenting the culmination of months, or even years, of hard work, dedication, and creativity. The outcome was impressive, as students demonstrated their talent, shared their ideas, and showcased their technical skills to an audience of peers, educators, and industry professionals.

The project prototypes prepared by BSc.IT students addressed real-world problems in areas such as the Internet of Things (IoT), Website Design and Development, Artificial Intelligence (AI), and Machine Learning (ML). The projects were unique and impressive, featuring IoT innovations like a smart alarm clock, a smart sanitary napkin vending machine, a smart streetlight system, a maze-solving robot, a smart accident detection system etc. The AI/ML projects included speech emotion recognition, a time management tool, a parking recommendation system, a credit card fraud detection system etc. Similarly, the BBM students presented their projects on various topics including “Perception of Customers Towards Online Food Ordering in Kathmandu: A Case Study of Foodmandu,” “The Role and Prospects of Artificial Intelligence in Shaping E-Commerce Companies in Nepal,” and “Challenges Faced by Local Sellers Due to the Increase in E-Commerce Trends,” to name a few.

The fair was evaluated by Er. Pankaj Janan, Chairman of LBEF Group of Institutions; Er. Prakash Kumar Kejriwal, Executive Director of LBEF Group of Institutions; and Mr. Nilmani Neupane, Chief Operating Officer of LBEF Campus. Miss Afrina Khan, Business Development Manager of Microsoft Nepal and Bhutan, also explored the innovative final year projects, highlighting the intersection of IoT and ML.

Upon the successful completion of the Project Expo, Er. Prakash Kumar Kejriwal expressed his gratitude to the LBEF team for their support in making the event possible. He also congratulated all faculty members, staff, and students for their active participation and contributions.

Miss Nepal 2024 Kathmandu College Activation Program

30th April, 2024

“Your positive action combined with positive thinking results in success.” - Shiv Khera

LBEF Campus hosted an activation campaign for Hidden Treasure, a renowned event management and training company famous for launching glamorous events. Hidden Treasure offers a diverse array of programs, including personality development, grooming, training, meetings, seminars, workshops, and fashion-related activities. The Hidden Treasure team, along with Miss Nepal representatives and sponsors, conducted a 90-minute session with our bachelor-level students, followed by engaging and interactive activities.

The event featured a variety of exciting hands-on activities, such as quizzes, puzzles, and other fun games, with winners receiving gift hampers provided by the sponsors of Miss Nepal 2024. This session provided students with valuable insights into the country's largest pageant and an opportunity for in-depth interaction. The Miss Nepal journey now embodies the theme of ‘beauty with a purpose.’ Special guests included Medha Koirala, Miss Nepal International 2015, and Ms. Rose Kandel. The enthusiasm and active participation of LBEF students were highly appreciated by Miss Nepal representatives and other guests. The entire LBEF community thoroughly enjoyed and applauded the event, making it a memorable and inspirational experience for everyone involved. The event not only highlighted the talents and energy of the students but also fostered a deeper understanding of the pageant industry and the significance of personality development and grooming.

Additionally, the session emphasized the importance of self-confidence and public speaking skills in personal and professional growth. The interactive activities encouraged teamwork and creative thinking among the students. Overall, the event left a lasting impression, motivating students to pursue their goals with renewed vigor and determination.

Events

Educational session under USAID Urja Nepal Program

3rd May, 2024

E.Stop Nepal Pvt. Ltd. organized an Electric Vehicle (EV) awareness educational session under the USAID Urja Nepal Program at the LBEF Seminar Hall on 3rd May, 2024. The session provided comprehensive coverage on various aspects of EV technology, including an introduction to electric vehicles, their benefits, charging infrastructure, and overcoming barriers to adoption.

Participants gained an understanding of the fundamentals of electric vehicle technology, learning about the different types of EVs, how they function, and their environmental advantages. The session also delved into the current state of EV charging infrastructure, detailing the available charging options and anticipated future developments in the field.

Presenters addressed common misconceptions and concerns about electric vehicles, such as range anxiety, safety issues, and charging accessibility, providing clarity and reassurance. The session emphasized the benefits of electric vehicles, including reduced emissions, lower operating costs, and decreased dependence on fossil fuels.

The event was highly informative and engaging, with all participants expressing their appreciation for the knowledge and insights shared. The session concluded with a positive reception, as attendees found the information valuable and motivating for the future of electric vehicle adoption in Nepal.

Celebration of Birthday and Work Anniversary

13th May, 2024

As we bid farewell to the month of Baisakh, we joyfully marked the birthdays of Mr. Shankar Shrestha (Head Growth & Outreach), Mr. Bishal Prasad Kurmi (Full-time Faculty), Shreya Bhetuwal (Examination Officer) and Suman Bista (Librarian). In addition to these celebrations, we also recognized the work anniversaries of Ashmin Maharjan (Creative Executive Designer) & Raj Shahi Khadgi (Marketing Officer) As we reflect on these milestones, we express our heartfelt appreciation to each individual for their dedication and efforts.

Congratulations!

7th May, 2024

LBEF extends heartfelt congratulations to Prof. Dr. Subarna Shakya and Prof. Dr. Manish Pokhrel on their nomination as academicians for NAST. A proud moment of recognition for their dedication to advancing knowledge and education.

IEPAN Executives Meeting

15th May, 2024

IEPAN executives had a productive meeting with the Honorable Prime Minister Pushpa Kamal Dahal "Prachanda". The PM expressed commitment to retaining students in Nepal.

Events

Collaboration with Steller Computer System

24th May, 2024

"Life begins with the end of our comfort zone"- Neale Donald Walsh

LBEF signed a Memorandum of Understanding (MoU) with Steller Computer System on 24th May 2024. The objective of the collaboration was to foster a partnership aimed at empowering students through internship opportunities, conducting cutting-edge research projects, facilitating job placements and offering comprehensive training programs. This partnership represents a commitment to nurturing talent, fostering innovation and driving meaningful impact in the technology industry. Together we will create a dynamic environment where students can thrive, learn and contribute to ground breaking projects.

Industrial Visit to Genese Solution

26th May 2024

"The Future depends on what you do today." – Mahatma Gandhi

On May 26th, our B.Sc.IT 1st semester students had the exciting opportunity to visit Genese Solution, a leading name in the IT industry. The visit provided an insightful introduction to various facets of the IT world, from cloud services and cybersecurity to software development and digital transformation. The students engaged with industry experts, who shared their experiences and knowledge, inspiring many of them to consider careers in technology. They shared insights into the latest trends in the IT industry, including artificial intelligence, cloud computing, and cybersecurity. The discussion also covered the importance of agile methodologies and how they enhance productivity and efficiency in software development. The hands-on demonstrations and Q&A sessions were particularly enlightening, making this visit a memorable and educational experience for all attendees. We are grateful to Genese Solution for their hospitality and the invaluable knowledge they imparted.

Mega IT and Business Career Counselling Event

2nd June, 2024

"It's not the will to win that matters, everyone has that. It's the will to prepare to win that matters" –Paul Bryant

The event was organized by Dhangadi Sub-Metropolitan City, where LBEF, and PCPS College, provided students with invaluable guidance from industry leaders, government officials, and renowned educators.

The event addressed a broad spectrum of topics, from the latest trends in information technology to exploring diverse career opportunities both in Nepal and globally. These sessions were designed to equip students with practical insights and tools necessary for excelling in the tech and business sectors. Students had the opportunity to engage directly with experts, gaining firsthand knowledge about current industry practices and future prospects. The collaborative effort of the organizers ensured that the next generation is well-prepared to navigate and thrive in the evolving professional landscape. This initiative not only fostered a deeper understanding of the IT but also inspired students to envision and achieve their career aspirations.

Congratulations to APU

13th March, 2024

Congratulations to our esteemed academic partner, Asia Pacific University of Technology and Innovation (APU), on their remarkable achievement in the QS World University Rankings 2024. Securing a position in the #611-620 range globally, APU continues to stand out as a beacon of academic excellence and innovation.

LBEF is proud to be associated with APU, offering our students access to a world-class education and unparalleled opportunities for growth and development. This prestigious ranking underscores APU's commitment to quality education and its role in shaping future leaders.

We look forward to many more years of fruitful collaboration and shared success, as we continue to provide our students with the best educational experiences possible. Here's to celebrating this milestone and many more achievements to come!

Events

Congratulations to our Chairman, Er. Pankaj Jalan

13th June, 2024

We are excited to announce that Er. Pankaj Jalan, the Chairman of the LBEF Group of Institutions, has been named the Chairman of the Startup, Innovation, and Training Committee of the Nepal Chamber of Commerce. We wholeheartedly congratulate him on this prestigious appointment and extend our best wishes for a successful tenure. We are confident that the Chamber will greatly benefit from his invaluable cooperation, goodwill, and strategic guidance, fostering innovation and growth within the community.

Guest Session on “Bridging the Gap- From Academic Knowledge to Industry Application’

14th June, 2024

We had the honor of hosting Mr. Ritesh Shah, the Chief Information Officer of Intuji Pvt. Ltd., as our distinguished guest speaker. He conducted a session for B.Sc.IT students on the topic “Bridging the Gap: From Academic Knowledge to Industry Application” at LBEF Seminar Hall. Mr. Shah plays a crucial role in strategically utilizing IT to enhance Intuji’s business operations, ensuring alignment with corporate goals. His expertise not only encompasses managing and implementing technology but also transforming it into a key driver of Intuji’s efficiency, growth, and innovation. The session was exceptionally informative and received praise from all in attendance.

Free Medical Camp Organized by LBEF in Collaboration with OM Hospital

22nd March, 2024

LBEF proudly partnered with OM Hospital to provide free medical services to the community, emphasizing the institution’s commitment to health and well-being. The event was held at LBEF’s “Block E” on a bright and bustling day, running from 7 AM to 3 PM, ensuring ample opportunity for community members to receive essential healthcare. The event drew students, guardians, and residents from the Maitidevi area, all coming together for a noble cause. The camp featured a range of free medical services like Basic Check-ups, Psychology Consultations, Heart Check-ups, Sugar Check-ups and Blood Pressure Check-ups.

LBEF’s initiative underscores the importance of health and well-being, reflecting the institution’s dedication to the community’s overall quality of life. By offering these services free of charge, LBEF and OM Hospital demonstrated their commitment to making healthcare accessible to all, regardless of economic status. The free medical camp was well-received by the community, with many attendees expressing gratitude for the opportunity to access essential health services without financial burden. The event not only provided immediate health benefits but also raised awareness about the importance of regular health check-ups and preventive care.

A Session on “Self-Awareness and Personality Development”

22nd March, 2024

The Bookwishes Club hosted an engaging session on “Self-Awareness and Personality Development” at the LBEF Seminar Hall. This transformative event aimed at fostering self-discovery and personal growth, encouraging students to unlock their true potential and embrace their individuality. Participants delved deeply into understanding themselves, refining their strengths, and cultivating unique skills that distinguish them. They explored the nuances of their personalities, overcame personal limitations, and set the foundation for a more promising and fulfilling future. The session saw enthusiastic participation from over 50 LBEF B.Sc.IT students and was met with widespread appreciation and applause.

Events

LBEF Cup Futsal Tournament 2024

26th June, 2024

“The harder the battle, the sweeter the victory.” – Les Brown

The LBEF Campus organized a series of intense matches at the Ballpark Sports Academy, featuring 33 teams of talented student athletes showcasing their skills and passion for futsal. Special thanks go to Multi Choice Media and our sponsor PCPS College for their support.

The competition was fierce, with each team demonstrating remarkable coordination and strategy on the field. Spectators were treated to thrilling matches, with standout performances and dramatic goals that kept everyone on the edge of their seats. The atmosphere was electric, filled with the cheers of enthusiastic fans and the camaraderie of the players. Gift hampers were awarded to the students who won fun games and quizzes related to football. This event not only highlighted the athletic prowess of the students but also fostered a strong sense of community and school spirit. The event successfully brought together various parts of the community, creating lasting memories and strengthening bonds.

Session on “Introduction of Git and GitHub”

26th June, 2024

The Software Architecture Club hosted an informative session on the Introduction to Git and GitHub at the LBEF Seminar Hall from 11:30 AM to 12:30 PM. The guest speaker, Muna Bhattarai, a GitHub Campus Expert and Microsoft Learn Student Ambassador, covered the fundamentals of Git and GitHub, provided an overview of GitHub Copilot, and discussed the significance of the GitHub Student Developer Pack.

Participants gained hands-on experience and valuable insights into version control systems. The interactive Q&A session helped clarify doubts and encouraged active participation. Many attendees expressed their enthusiasm for future workshops on similar topics. Overall, the session was well-received and contributed to the participants’ knowledge and skills in software development.

Session on “Tax Awareness”

30th June, 2024

The KMC-Tax Office held a Tax Awareness session for LBEF students at the Seminar Hall from 9:30 a.m. to 10:30 a.m. The purpose of the session was to improve students’ understanding of the country’s tax system, including aspects related to personal income and business taxes. The session emphasized the importance of a well-functioning tax system in supporting public services and infrastructure.

Students learned about the various types of taxes, how they are calculated, and the consequences of tax evasion. The speaker highlighted the role of taxes in funding education, healthcare, and other essential services. Attendees were also informed about the benefits of timely and accurate tax filing for both individuals and businesses. The interactive session allowed students to ask questions and clarify their doubts about tax-related matters. By the end of the session, students gained a clearer understanding of their tax obligations and the positive impact of a robust tax system on society.

MEMORY

The wind is howling and it's chilly. The stars glimmering and in front of me there lies tremendous mountains not losing its radiations even in this stygian night. I am doubtful of my existence right now. Its enchanting and something entirely new that I have ever encountered with. Few centimetres away from me, my brothers are figuring out how to set up tent in a correct way. Some are collecting firewood to warm up the crisp air. I am sitting in a rock observing all of their efforts from the distant and also watching all the brightening lights of the city that we could barely see over the horizon. Its 7.00 PM and we are in midst of verdant jungle. Our luck holds as we come over a husband and a wife who seems like they both were in their mid-50's. They both welcomed all eleven of us and gave us permission to use their shed to cook our food.

City are always full of hustle and bustle. Even during night time, the city never sleeps. There will be always mob of peoples, honking of the vehicles and unrestful lives. In this ten hours, we have walked in the path that was never been tread before living behind the every last village, odyssey covered with several creeks, waterfalls and the enthralling scenery that motivates us to elevate more higher. Solitude, no more cacophony of urban life, only eleven of us and the forest. It was all mesmerizing when the day was bright and we could see the green appearance of the place but as soon as the sun sets down, and green turns into pitch dark, the thrill and the real adventure begin which I was always willing to experience. Now, the rustle of the leaves, the sound of the flowing water would petrify us. We were walking continuously the entire day and it was new trail for all of us. Now it was dark and it was dangerous to walk in the jungle but we could find no plain land to set our tent and halt for the night.

Torch in one hand and sharp weapons in another, we are still searching and moving. Tensions run high, but we all kept a brave face, knowing that showing fear would only make the situation worse. Finally, discovered the shed where we met those couple and I swear it felt infinite to witness other humans rather than us in there.

I turned the switch of my cell phone on and I was amazed to find cell phone tower nearby. I didn't waste any seconds and immediately dialed number and made a call to my mom who would be probably sitting in balcony, looking at the hills anxiously worrying about mine whereabouts. I told her how closer I am to the majestic mountains and I was about to tell her all the joyous journey but the network disconnected abruptly. My brother approached with a steaming cup of tea, but as I took it, my thoughts turned to you. I remembered our shared dream of sitting beneath the open sky, surrounded by the glittering stars, and traveling together. But now, as I sit here, I am alone and you are lost in your own world, a world in which I am no longer a part.

As I joined my uncle in the shed, he was trying to coax a fire to life. With the addition of some kindling, the fire soon flared up, and my brothers and I gathered around it. The couple shared their story of how they had married young and had been living in a 'lekh' for 30 years. Their four children had left to pursue money in the city, but the couple could not bring themselves to leave behind their nomadic way of life. They believed that it was natural for humans to follow their inner instincts to wander and to live in harmony with nature. As we talked, I couldn't help but reflect on the simplicity and beauty of their way of life. I realized that sometimes, the pursuit of money and material possessions can blind us to the deeper truths and pleasures of life, like the warmth of a fire shared with loved ones on a chilly night.
